Mike McClellan Carroll Conley Glauciana Hicks Christine Mishou Hadassah Beal Abigail Beal Terri Conley Thomas Keith Jim Przytulski

Dear Friend,

Giving thanks is much more than a polite thing to do--it is an act of worship. As the Director of the League, there are many things for which I am thankful, but I want to focus on one of my greatest blessings--the incredible men and women that make up our team. As Executive Director, I am the face of the League and therefore get a lot more of the attention and credit for the work we do. In addition to this letter giving me the opportunity to publicly thank God for their effective service, I also hope this letter will be a reminder to pray for them.

Chris Mishou: **Executive Administrator** - responsible for our banking, bookkeeping, human resources, website, database, electronic communications, and much more. Her tireless work ethic and diligence make us a lean organization that I would stack up against any other.

Mike McClellan: **Policy Director** - responsible for our direct lobbying, grassroots lobbying, and campaign activities. The League is blessed to have an experienced, former legislator and God-chaser like Mike leading our policy and campaign efforts.

Terri Conley: **Assistant Development Director** - responsible for staying connected with our ministry partners and event coordination. Terri's heart for the Lord's work allows her to naturally let our ministry partners know we love and appreciate them.

In addition to our full-time staff, we also have some highly effective and talented part-time team members.

Thomas Keith: **Policy Analyst** - Thomas has left his full-time position here at the League to go back to college. While attending Notre Dame, he is researching, writing, and sending our weekly e-blast.

Abigail Beal - **Office Assistant** - Abigail is our graphics go-to girl. She edits and sends the weekly Rapid Responder email, as well as helping Terri contact ministry partners. She edited all our new CAN documents that are under Pastor Resources on the web.

Hadassah Beal: **Admin Assistant** - Hadassah works very closely with Chris managing data, proofreading our website, adding email signups, keeping track of credit card receipts, and helping Terri contact ministry partners. She is also a committed League volunteer.

Glauciana Hicks: **Office Assistant** - responsible for depositing and entering deposits, as well as sending out receipts.

Pastor Jim Przytulski: **Church Ambassador Network Deputy** - Jim's consistent presence in our capital is critical to our non-partisan efforts building relationships between pastors and leaders.

In addition to praying for the League team, please pray for:

- wisdom and guidance for me as I prepare for our year-end campaign
- specific and effective strategies to influence local elections (municipal & school boards)
- our investment in Community Impact Teams: our efforts to inform, inspire, and mobilize Christians to effectively participate in the political area.

I wish you and your family a Happy Thanksgiving, our American holiday that represents the exceptional blessings our country has experienced. May the Lord hear our prayers that Maine and our county would be a place, where God is honored, religious freedom, flourishes, families thrive, and life is cherished.

Sincerely,

Executive Director
